Relevant Experience

UX/UI Design Student Project | ULK University | March 2024 – Present
• Designed a food ordering app for ULK students to make meal orders faster and easier using Figma.
• Created wireframes, low- and high-fidelity prototypes, and user flow diagrams to test with users.
• Conducted usability testing and improved app flow based on feedback from students and mentors.
• Collaborated with teammates on interface consistency and interaction improvements.

Freelance UX/UI Design | Remote | June 2023 – February 2024
• Built simple mobile and web prototypes for student and local projects using Figma and Adobe XD.
• Practiced visual design principles including typography, color balance, and layout.
• Created user personas, journey maps, and mockups for concept apps such as a university management system.

Web Design Practice | Personal Project | January 2023 – May 2023
• Designed and developed responsive web layouts using HTML, CSS, and a bit of JavaScript.
• Focused on creating clean, user-friendly interfaces that enhance accessibility.
• Applied UX principles such as consistency, feedback, and simplicity to improve usability.

Education

Bachelor of Software Engineering | ULK University, Rwanda | Expected Graduation: 2026
• Relevant Coursework: Human-Computer Interaction, Web Design, UX Research, Front-End Development, Visual Design.

Tools & Skills

Design: Figma · Adobe XD · Adobe Photoshop · Wireframing · Prototyping · Visual Design · UI Layouts

Research: User Interviews · Usability Testing · Journey Mapping · User Personas · A/B Testing

Development: HTML · CSS · Basic JavaScript · Python (beginner)

Soft Skills: Collaboration · Problem Solving · Creativity · Communication · Attention to Detail
Languages
English (Fluent) · Arabic (Intermediate)

Career Objective

Motivated and creative Software Engineering student passionate about User Experience and Interface Design.
Eager to learn and grow in the UX/UI field by combining design thinking and technical development skills to
create meaningful and user-friendly digital products.
